Door Prizes and a *Fabulous Trunk Show Presentation*

Sandy will have tips on construction and finishing techniques that will show us how to get *easy high-end finishes* that can be used with all types of sewing skills, from garments to crafts to quilting. Sandy Miller has been working together with Louise Cutting for several years to revitalize the pattern industry with many unique, stress-free choices. Sophisticated touches are their specialty.

Even if you haven't made a garment in years, or ever, you will be amazed at how simple it can be to take a practical, versatile pattern and make fashions and trendy accessories for every occasion.

Nationally renowned, Sandy is known for precise attention to detail and turning even a simple pattern into a fabulous fashion finish.

Afterwards a group of us plan to socialize over lunch at a local restaurant. You are welcome to join us.
Lunch is not included in the program or registration fee.
